

Disclaimer

Nature of the instrument

The software provided by the Company is intended to be an information acquisition and decision support tool and does not constitute “investment advice or representation” as defined in Article 2.8.28 of the Financial Instruments and Exchange Act. Please do not construe the output of this software as investment advice.

Accuracy of data

Market data depends on third-party sources and the Company does not guarantee the completeness and accuracy of real-time data.

Risk of Use

The user bears the risk of possible losses due to algorithmic failures, loss of opportunity due to system downtime, and losses due to incorrect parameter settings.

Third-party services

For functions linked to external systems, the terms of use of the relevant service shall prevail.

Limitation of Liability

For direct or indirect damages resulting from the use of the software, the Company's liability is limited to the total amount of usage fees for the last six months (based on Article 709 of the Civil Code).

Risk Disclosure

Technical Risk

There are risks due to hardware failures, network delays, etc.

Versioning Risks

After implementing automatic updates, incompatibility with existing scripts may occur. Be sure to verify in a sandbox environment before major updates.

Japan-specific mandatory instructions

Personal Data Protection

We manage customer transaction records through SSL encrypted communication in accordance with the Personal Information Protection Law.

You can go to the [Privacy Policy] page for more information.

Age verification

We will verify that you are of legal age to use our software tools.
